Stamp out wild caraway and tall buttercup

Take advantage of Mountain View County's 20 per cent incentive on approved herbicides

Mountain View County is offering a Spray incentive of 20 per cent off the cost of approved herbicides to combat the noxious species of tall buttercup and wild caraway. This incentive program is applicable to private land holders, private lessees of public lands, and lessees of County owned property.

How do Eligible Land Owners and Land Users Access the Incentive?

Contact Mountain View County Agricultural staff, and make them aware of what lands are intended to have weed control applied. Upon completion of the herbicide application, forward appropriate receipts for the approved herbicides to Mountain View County Agricultural staff. Receipts should include: the number of units of herbicide purchased; a legal land location of where the herbicide has been applied; the date of when applications occurred; and a map of where application occurred. Upon completion of field inspection, agricultural staff may authorize payment of 20 per cent of the value of the appropriate herbicide, pending achievement of satisfactory results on the targeted weed species.

For more information on noxious weed control, and the 20 per cent spray incentive, please call Mountain View County Agricultural Services at 403-335-3311, or visit www.mountainviewcounty.com.

Assessment inspections will be taking place on all properties in the following area(s):

Twp. 32 Rg. 5,6,7/ Twp. 31 Rg. 5,6
