

P

Title: High Speed Internet Access for Council

Policy No: 1010

Approval: County Council

Effective Date: October 1, 2006

Supersedes Policy No:

Mountain View
COUNTY

O

Policy Statement: Mountain View County (the County) will establish connection to High Speed Internet for all Councillors.

Purpose: The purpose of the policy is for Council to set the parameters for establishing high speed internet connections for Councillors in their homes.

L

Principles:

1. In today's municipal environment connection to the internet and e-mail is an essential tool for communication and information gathering.
2. Normal dial up connection speeds are not adequate to provide the connectivity required by Council duties. An average download speed of 256 kilobits per second is necessary.

I

End of Policy:

Approved: September 27, 2006
