Thank you for your interest in this project. The following are the responses to the questions / comments received by Mountain View County.

The deadline for Request For Proposal (RFP) responses is firm, this is a time sensitive project and a request for extensions will not be granted. Proposals will be accepted no later than 4 p.m. on Friday, August 25, 2017.

Further specifically details for the design concept components:

- The signs for both regional airports should include the Mountain View County logo as they are owned by the County. The other signs for the business parks should not include the County logo.
- LED illuminated signage and digital sign boards are not acceptable components to include in submitted design concepts.
- Tenant panels are not a required component for any of the signs.

Clarification for the following: 5 i. *Prepare and submit up to three design concepts. Signs must only indicate the Business Park or Airport Name, Address and Contact Information. Mountain View County will provide the official name, address and contact information to the successful proponent. We are looking for three design concepts overall, not three design concepts per location.*

Soil samples from each of the five locations have not been taken, therefore we cannot comment on soil conditions. Typography varies at each location, for information purposes the rough locations and names for each of the signs are as follows (pending Alberta Transportation approval):

- Intersection of Highway 2A and 582 (East Didsbury Industrial Park)
- Township Road 320, SE5-32-1-W5 (Olds/Didsbury Airport)
- Highway 584, NW/NE32-32-5-W5 (West Sundre Industrial Park)
- Highway 584, SW5-33-5-W5 (Willow Hill Industrial Park)
- Range Road 55, NW29-32-5-W5 (Sundre Regional Airport)
