

## Complete Fire Ban Lifted

As of September 15, 2017 at 1:00 p.m. the Complete Fire Ban has been lifted in all of Mountain View County, as a result of the recent precipitation, and forecasted rain with lower temperatures. The public is urged to continue exercising extreme caution while burning, and use precautionary measures such as screens and spark arrestors on burning barrels, cultivate areas surrounding controlled burns and have a supply of water readily available at all times. Ensure campfires are always attended, and fully extinguished when leaving the site.

Fire Permits can be obtained on the Mountain View County website at [www.mountainviewcounty.com](http://www.mountainviewcounty.com), or by contacting the Mountain View County office at 403-335-3311.

It is requested that anyone commencing with a controlled burn, obtain a Fire Permit and then contact 1-877-508-7011 with the time and date, to allow for monitoring of the controlled fires in Mountain View County, this includes any controlled burning for agricultural purposes. For additional information on current fire bans, log on to <https://albertafirebans.ca>.
